

EVR 2

Commercial Lighting

The EVR 2 1000W environmental shoe box luminaire is the original luminaire of this style in Australia. It provides clear, efficient illumination with minimal glare and the sharp cut-off asymmetrical reflector ensures light spill does not effect the surrounding amenity. The reflector can be rotated through 90° during manufacture to allow the fittings to be mounted in a "T" formation on the boundary. The EVR 3 packs a punch with a 1500W lamp putting a spotlight on your products.

EVR 2 1000W

SPECIFICATIONS:

Dimensions	870 x 615 x 286 mm
Weight	1000W - 35kg
Finish	Powdercoated satin black (standard)
Lamp	1000 MH (standard) (HPS available on request)
Lampholder	Porcelain E40 spring-loaded centre contact
Ballast	High power factor constant wattage suitable for lamp
