

EVR 4

Low Level Environmental Luminaire

The EVR 4 is an ideal perimeter light - designed to provide effective illumination for car parks, walkways, parks, industrial centres, shopping centres etc. with reduced glare and light spill at a low mounting height (6m -10m).

The standard lamp is a 400W metal halide (high pressure sodium available on request) which provides high performance, long life and high lumen output.

EVR4 400W MH

SPECIFICATIONS:

Dimensions	615 x 480 x 286 mm
Weight	17Kg
Finish	Powdercoated satin black (standard)
Lamp	400W MH (standard) (HPS & MV available on request)
